The VIK CV model proves that you don't need massive square footage to have a home that feels grand. With dramatic cathedral ceilings in the living room, this 2-bedroom, 1-bath home offers a vertical spaciousness that standard homes can't match. The layout is optimized for modern living, featuring a large kitchen island for prep and entertaining, and a cozy dining nook complete with a built-in bench. It is the perfect combination of style, comfort, and efficiency.
